Oman Medical Speciality Board
المجلس العماني للاختصاصات الطبية

OMSB website: https://omsb.gov.om/

Candidate registers at: www.prometric.com

Oman Medical Specialty Board (OMSB) has officially inaugurated a new Prometric Testing center specialized in delivering medical examinations in the Sultanate on 11th February 2013. The computer-based examinations help to ensure that OMSB medical standards are being met by candidates seeking to practice medicine and deliver healthcare services in Oman. This facility service is considered as the first Prometric testing Center in Oman that delivers medical and non-medical examinations.

In addition, the center delivers other international examinations such USMLE, MCCEE, GRE, IFOM, CISI, API, HRCI, TOEFL, etc.

The Ministry of Health and other public or private institutions use OMSB Occupational Classification exams for licensing purposes. In other words, to be able to work for the MoH and other Health Service Institutions, a candidate must sit for OMSB exams.

Currently, OMSB delivers 37 Occupational Classification examinations for physicians, technologists and technicians. All OMSB examinations are available online at most Prometric centers or other affiliated centers worldwide, so candidates can do OMSB exams at their countries. This service help candidates to save time, cost and facilitates scheduling their exams. Besides, OMSB exams qualify all candidates to proceed with oral examinations and obtain the Medical License.

Examination Fee: Physicians (195 USD), Other specialties non physicians (175 USD)
